

World Time Clocks: London, Paris & New York

Last Updated Thursday, 25 February 2010

Euroclocks now stock the World time clock range from Newgate, including the London Clock, the New York Clock, and the Paris clock. These chrome effect clocks make an interesting alternative to home decor, also perhaps useful for those who travel a lot, or obviously for hotels with international guests. Search for "World Time Clock" to track down these clocks!
